For this kind of partnership, we offer

- ◆ Presentation and speech of your company at our kickoff
- ◆ Advertisement of company news at end of our weekly sessions, in our newsletter and on our social media
- ◆ Company’s logo, description and article written by your representative on our website
- ◆ Logo of your company on all our promotional material for the kick-off, activity fair, summer bar and other events distributed on campus and advertised in the student newspaper: Polykum
- ◆ Logo on our banner taken to conferences and events attended by 250-4000 people
- ◆ Prominent presence at all our events

Who are we?

ETH Model United Nations is an official commission of the VSETH (Verband der Studierenden an der ETH Zürich). Our student association promotes debating skills, political education, teamwork and problem-solving among our 80 active members, who study all kinds of scientific disciplines at ETH. Our weekly meetings place great emphasis on international understanding and global issues awareness. Participants also enjoy authentic cultural exchange when they meet with students from around the world during MUN conferences of other universities we take part in. The positions our 800 Alumni now occupy show our efforts to train science and engineering students in these skills are not in vain.
